### Things to do!

Rome comes alive in October with the 4th International Film Festival – one of the most star-studded events on the Italian social calendar, with past attendees including Cate Blanchett, Leo DiCaprio and Jessica Biel. Our pick is the Make Up Me A Star exhibition, which celebrates movie makeup magic. Organised by Dress In Dreams and in association with the Rome Tourist Board, it offers a peek at authentic film sets like Baz Luhrmann's *Australia* and *Moulin Rouge!* and unpublished backstage photos. And don't miss the festival's official closing film, *Julie & Julia* – presented by Meryl Streep! For more information, visit [www.romacinemafest.it](http://www.romacinemafest.it)
